Clause 5 - PACKAGING

Change the existing clause according to the following:

5.1 Bulk packages

The packaging material shall be of sound, merchantable quality. In the case of special grade (hand-picked, selected) cloves, the material shall be tightly packed in wooden cases to prevent breakage of heads due to movement.

5.2 Retail packages

Cloves shall be packed in clean and sound packages, made of a material suitable for food packaging and which does not affect the product.
