

AMENDMENT NO. 01 TO SLS 230 : 1973

SPECIFICATION FOR BAKING POWDER

EXPLANATORY NOTE

The existing Sri Lanka Standard Specification for Baking powder does not specify the date of minimum durability as a marking requirement. Since the efficacy of baking powder decreases with time it was felt that this marking requirement is useful. Therefore this amendment is brought to introduce the date of minimum durability as a marking requirement in baking powder.

AMD 125

AMENDMENT NO. 01 APPROVED ON 1989-12-14

SLS 230 : 1973 SPECIFICATION FOR BAKING POWDER

PAGE 9
