

AMENDMENT NO. 01 APPROVED ON 1994-12-22

SLS 688 : 1985 SPECIFICATION FOR DISINFECTANTS

Page 4

Clause 4.4.1

Delete the words "which shall be not less than 1 : 20", from the text.

**AMENDMENT NO. 01 TO SLS 688 : 1985 SPECIFICATION FOR
DISINFECTANTS**

EXPLANATORY NOTE

Clause **4.4.1** specifies a minimum 'use dilution' which permits only the manufacture of highly concentrated disinfectants which can be diluted more than 20 times.

Since disinfectants are used under varying conditions this amendment is introduced to allow manufacture of disinfectants at any 'use dilution', provided the required disinfectant efficiency is maintained.
