

AMENDMENT NO. 02 TO SLS 620 : 1983
SPECIFICATION FOR AMMONIUM SULPHATE (FERTILIZER GRADE)

EXPLANATORY NOTE

This amendment is introduced to include the appearance and physical nature of the material imported into Sri Lanka. A limit for the thickness of the polyethylene inner lining of the packages is included in order to minimize evaporation of nutrients, absorption and seepage of moisture into bags, etc.

The marking required to avoid improper handling of fertilizer bags is also introduced.
